SUMMARY

MS Business Analytics candidate (May 2026) with hands-on expertise in customer churn analysis, multichannel campaign optimization, and BI dashboard development. Proficient in Python, SQL, R, Power BI, and Tableau. Proven ability to surface actionable insights from complex datasets that improve retention rates and marketing ROI.

PROJECTS

Chicago Crime Data Analysis & Dashboard

2026

- Analyzed 8.5M+ crime records (2001–2026) from the City of Chicago Open Data Portal, performing full EDA including data cleaning, outlier detection, missing value treatment, and feature engineering using Python and Pandas.
- Built an interactive web dashboard using Plotly Dash and geo heatmaps using Folium, visualizing crime hotspots across 77 Chicago community areas with real-time filters by year and crime type.
- Developed a neighborhood risk index scoring all 77 community areas using weighted composite scoring across crime volume, severity, arrest rate, domestic rate, and trend; delivered insights for real estate, insurance, and public safety strategy.
- Generated a 5-page automated PDF stakeholder report with 40+ visualizations and business recommendations covering district-level KPIs, policy impact analysis, and patrol deployment strategy; tools: Python, Pandas, Matplotlib, Seaborn, Plotly, Folium, Tableau, Scipy.

Marketing Campaign Performance Analysis & ROI Optimization

2026

- Analyzed multichannel marketing data (email, social, paid ads) to evaluate campaign performance and identify budget inefficiencies.
- Built a KPI framework tracking CTR, conversion rate, CAC, and ROI; used SQL and Python for data extraction, transformation, and analysis.
- Developed a Power BI dashboard and identified high-performing customer segments with 30%+ higher engagement, recommending strategies to reduce CAC by 15–20% and improve ROI.

AI/Data Startup Ecosystem Analysis

2025

- Analyzed ~497 global AI/Data startups from AngelList, examining funding patterns, geographic distribution, industry focus, and team size correlations across 20+ startup hubs.
- Built an end-to-end R data cleaning and visualization pipeline, parsing funding values and employee ranges, and using charts to identify key trends and top hubs (San Francisco, London, Bangalore).
- Derived insights showing strong correlation between team size and funding, with FinTech, Healthcare, and Robotics as top-funded sectors and emerging growth in Berlin and Bangalore.

EXPERIENCE

Knack Packaging Limited

Jun. 2022 – Jul. 2022

Marketing and Production Intern

- Competitive market research was conducted to analyze pricing strategies and product positioning in the packaging industry.
- Supported marketing efforts through customer outreach and demand analysis to understand market needs and trends.
- Assisted in aligning production schedules with sales forecasts and customer orders to improve operational efficiency.
- Prepared performance reports summarizing sales trends and production metrics to support managerial decision-making.

Bhumi Enterprise

Jun. 2023 – Jul. 2024

Marketing Analyst

- Developed and executed marketing strategies to promote electronics products and drive customer engagement
- Analyzed market trends and competitor activity to identify business growth opportunities
- Managed digital and offline marketing campaigns to increase brand visibility
- Monitored and reported on key marketing metrics to evaluate campaign performance
- Collaborated with the sales team to align marketing efforts with business objectives

TECHNICAL SKILLS

Programming Languages:	Python, (Pandas, Matplotlib), SQL, R
Visualization & BI Tools:	Tableau, Power BI, Excel (Advanced)
Marketing Analytics:	Customer Segmentation, Churn Analysis, Campaign Performance, ROI Optimization, KPI Reporting
Statistical & Modeling:	Predictive Modeling, Regression Analysis, Statistical Inferencing, Data Cleansing & Preparation
Development Tools:	VS Code, Jupyter Notebook

EDUCATION

Master of Science in Business Analytics

Roosevelt University – Chicago, IL | Aug 2024 – Graduation in May 2026

GPA – 3.44/4.0

Bachelor of Business Administration(Hons)

Karnavati University - Ahmedabad, India | Jun2020 - May 2023
